Certificates are dated the date received in our office. Your certificate will be sent via email unless you request it to be mailed. After 30 days from issuance date, we charge \$5 per replacement certificate. In a hurry? We fax certificates for \$3 per page. Save money by sharing a course with co-workers. Only one course reference/book and one set of test questions are mailed for shared course orders. If using this method, each person must complete an order form. One full charge is assessed and all others are charged at the test only price. Pay only one S/H charge for multiple orders shipped to one address. What if someone wants to order later. If they have the course reference, they may order at the test only price plus S/H. Course are now available as eBooks & Order eBooks on our webpage
